

## No Rules, just Pleasure!

You have your image completed... and now comes the quilting.

Nothing more liberating than getting rid of straight lines and rules. Now is time to loosen your muscles and add movement to your quilting.

Echoing is the most powerful way to create texture in quilting, creating visual impact. You can use a simply design that give visual rhythm to them, rely less on seeing the thread.

A fun and light class, where we won't miss sparkle, as we will be working with satin. Come shine and play in our Bernina Q LongArm Set down table.
